## **SIONHILL CHAROLAIS DISPERSAL SALE**

Due to a change in farming enterprise, the tough decision has been made to disperse the Sionhill Charolais herd. It is with a heavy heart that these females have been put up for auction which consist of over 20 years of my own breeding and work found within their pedigrees.

Over the years the herd has built up a great customer base with plenty of returning farmers purchasing bulls at home rather than having to head to sales and I thank them for trusting in the herds breeding.

The herd has the majority of it's females catalogued for this auction, although three yearling heifers are being kept for my three sons in order to keep the Sionhill herd Prefix. So hopefully in the years to come we will be back out on the show and sale scene once again!

In terms of the breeding policy on the farm, high emphasis has been placed on the quality, fertility and breeding line of the female rather than the number of stars she had. However, in recent years we have seen how the relevance of the using the Euro-star system at breeding has become increasingly important and therefore this is why the younger females can be seen to have quite improved indices.

Over the years, due to an off-farm job, a stock bull has been the go-to sire used on the majority of females, with plenty of success to boast from this breeding decision. The details of the stock bulls used within the herd are listed on the following pages.

Over the past year a Saler bull has been running with the breeding heifers and this is why some of the cows will be sold with a Saler calf-at-foot.

Back in 2011 and 2012 there were some quality females imported from France and some of the progeny from these cows can be found in the animals cataloged.

If you have any queries about any of the females catalogued please get in touch and I would be glad to help.

Finally, to the customers and breeders and to all in the Irish Charolais Cattle Society, I would like to say thank you for all of your support and companionship over the years.

Ronan Carey

## **HERD STOCKBULLS**

### **SIONHILL COMMANDEUR**

Sionhill Commanduer was a stock bull in the Sionhill herd for a number of years. He was imported from France back in 2013 from the Cyprus herd after seeing his daughters, with the main desirable traits being his ease of calving and the maternal aspects of the females he bred. Commanduer proved to be a successful sire in Ireland leaving his mark and producing some great breeding cows, along with some prizewinning animals throughout the past number of years.

### **SIONHILL MATTIE**

The last stockbull which was ran with the herd was a home-bred sire, Sionhill Mattie, who was a son of Hercules M (ZHC). The reason for selecting Mattie as a stockbull was simply down to both his pedigree and attractive style, frame and locomotion. He was also a son of a very good breeding cow that was imported from France back in 2011.

## **ROUGHAN EURO**

Another sire which can also be found in some of the breeding lines of the cows in this sale is Roughan Euro. Euro was purchased from the herd of Pat McClean back in 2009 and was a sire which produced males and females with both style and shape. His daughters were also very maternal. Roughan Euro was a son of Roughan Ultimatum.

## **BLAKESTOWN UNCLE SAM**

Blakestown Uncle Sam (a son of Blakestown Obelix) was a foundation sire for the Sionhill Herd. He was purchased back in 2005 for €6,600 after he was awarded the Championship sash on the day, he was a bull that caught the eye of many breeders and we always received many enquiries about Uncle Sam long after his purchase. He was a sire that we were very sorry to see go from the Sionhill herd as his sons were always proven to be successful breeders for commercial farmers, and his daughters were always capable of producing calves with great style and quality.

# **Sionhill Charolais Dispersal Sale Rules**

- 1.** The highest approved bidder shall be the Purchaser, and if any dispute arises as to any bid the lot in dispute shall be put up again at the last undisputed bid and re-sold or the Auctioneer may declare the Purchaser. The Auctioneer reserves the right to refuse any bid without giving a reason for doing so.
- 2.** All lots will become the absolute property of the Purchaser from the fall of the hammer and must be paid for in full immediately after the Sale and removed with all faults and errors of description.
- 3.** All lots will be sold in Euro. A commission of 5% of the purchase price is payable by the Purchaser. The commission of 5% is payable by the Purchaser on all animals purchased including those purchased privately on the sale premises at the time of sale.
- 4.** All stock will be sold as they stand and no guarantees will be given. Any known defects will be announced by the Auctioneer at the time of the sale but this will in no way constitute a guarantee.
- 5.** Service dates are given only as a guide and do not constitute that a particular animal is in-calf or will calf to that date.
- 6.** Animals certified in calf will be announced and are so guaranteed until 6.00p.m. on the day of the sale or within one hour from the fall of the hammer. No claims will be allowed or entertained concerning pregnancy after 6.00 p.m. or after one hour from the fall of the hammer on the day of the sale. Any claims made must be accompanied by a veterinary certificate
- 7.** Neither the Vendor, the Auctioneer or the Mart shall be responsible for any injury, damage or loss sustained by any person on the Sale premises whether as a result of the negligence of the Vendor, the Auctioneer or the Mart or of their respective servants or agents or otherwise.
- 8.** Purchasers must abide by the rules of purchase/bidding set out by Carnaross Mart
